DETAILED ACTION

103 Rejections Withdrawn

The rejection of claims 1-4 under 35 USC 103(a), outlined in the previous Office Action, has been overcome by applicant's amendment. The amendment reformulates the claims as composition claims (by incorporating the limitation of canceled claim 5). The cited prior art neither teaches nor suggests such a composition. Nor would it have been obvious to one of ordinary skill in the art at the time of invention to modify the teachings of the prior art in order to arrive at the compositions of the instant invention. There is no motivation to do so.

Claim Objections Withdrawn

The objection to claims 5 and 6, as dependent from a rejected base claim by otherwise allowable, has been overcome by applicant's amendment. The amendment cancels claim 5, and with respect to claim 6 the objection is now moot.

Allowable Subject Matter

Claims 1-4, 6-20, 22-50 and 54-60 are allowed for reasons above and of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
